Tips for Scholarship Application Preparation

- Read and follow all guidelines. Many applications are disqualified each year because applicants omit a key step in the guidelines or ignore instructions. If you are unsure about any part of the application or whether you are qualified to apply, please email **rhonda.harvey@up.com**.
- Thoroughly proofread all of your work. Check to be sure that sentences are complete, clear, and grammatically correct. Applications should not be unclear or contain numerous mistakes distracting the reviewer from focusing on the content. This reflects poorly on the applicant's ability to produce a high-quality product.
- Have someone else read the completed essay. An objective reader can often identify areas that need more explanation and may find errors that the applicant has overlooked.
- Encourage the person writing your Letter of Recommendation to type his or her letter, sign it, and include the signed cover page.
- Carefully review the application checklist to ensure your application is complete.
- If you choose to mail your application, consider sending early as the postmarked date should be prior to the deadline.
